MURIEL and DORIS LESTER

Great Peacemakers in London and the World

In Japan, Muriel was given the title “Mother of World Peace”

Born in the 1880s, they dedicated their lives to peace-making and helping others. In 1928 they built Kingsley Hall Community Centre in East London, which is today the home of the London World Peace Flame.

“If you care enough about something to grumble about it, you care enough to do something about it.”

Muriel Lester
